Dear Parent/Guardian,

Lowell Area Schools has always believed that any way in which we can improve communication between our school system and our parents is a win-win situation for everyone involved. Therefore, Lowell Area Schools has launched *One Call Now*, an automated parent notification service that will allow us to contact thousands of parents within minutes via email and/or phone.

Security – only authorized personnel within the school district may activate the system. *One Call Now* keeps all of its clients' information confidential and secure. All data is password protected on secure servers accessible only by school administration.

Importance of Accurate Contact Information—in order for *One Call Now* to work effectively and efficiently it is important that each of our schools in our district have your updated phone number and email address. If you have recently moved, changed your phone number or email addresses please contact your child's school immediately. Beginning in late March *One Call Now* will be main source of communication to parents (ie, newsletters, emergency notifications, etc).

Again, I am very confident that *One Call Now* will help Lowell Area Schools improve communication with parents as we work together toward continued success throughout our school system.

Together in Excellence,

A handwritten signature in black ink, appearing to read 'Roger Bearup'.
